

REDLAND BUSINESS SOLUTIONS PRESS RELEASE

Issued 2 November 2017

Redland strengthens Executive Team to support accelerated growth

Redland Business Solutions, the UK market leader in Individual Accountability and Compliance Solutions, has announced the appointment of Gary Muchmore to the role of Chief Executive Officer.

Redland co-founder Joel Turland commented “We are experiencing significant demand for our solutions, primarily driven by Accountability 2 (Senior Managers/Certification Regimes across the wider financial services market), and Gary brings a wealth of experience in managing FinTech/RegTech software businesses.” He continued “Gary’s appointment significantly strengthens our Management Team and enables me to focus more on strategic initiatives in my new role of Executive Chair”.

In a career spanning over 35 years Gary has worked in a wide variety of organisations, both in the UK and USA, with responsibility for delivering software solutions to Financial Services companies. Prior to joining Redland Gary was CEO at Worksmart Solutions.
